WHAT'S DOING

R. S. Pyle, your Telephone Manager in Torrance

Safety's always been in style at Pacific Telephone, and today that style features a belt in front. They're the seat belts we've installed in company vehicles—designed not to keep telephone people in fashion, but to keep them in place.

For our safety philosophy is based on the wise old saying, "an ounce of prevention is better than a pound of cure." While seat belts can't prevent accidents, they can help prevent serious injury should an accident happen. Matter of fact, telephone people have found this safety idea such a good one, many are installing seat belts in their own cars.

Have you seen the new **Bell Chime**? It's a telephone bell you can set to call you in any of these three tones: a soft, melodic chime when you want peace and quiet, or when someone's resting; a regular telephone ring; a loud bell you can easily hear when you're outdoors or when there's lots of activity in the house. If you'd like to find out more about the modern, low-cost Bell Chime, just call your telephone business office or ask your telephone service man.

SUMMER SIESTA

This is the time of year when many a family backs the car out of the garage and heads for the mountains or ocean for a couple of weeks or so. Leaving the toil and stress of the 50-week world behind for a while—which seems forever when you're leaving and no time at all when you get back—you light out blissfully for the open road. Although our services goes on 24 hours per day, 52 weeks per year, we at Pacific Telephone take our vacations regularly, and, just like you, here are some of the things we might forget without a reminder.
 1) Get that old car—or new one for that matter—checked before you wheel out onto the highway.
 2) Drive carefully—even if it means you'll have to come back to the old grind again.
 3) Telephone ahead to confirm reservations.
 Also, if you don't mind our saying so, it's nice for the hard-working folks back at home to hear from you once in a while—via telephone, naturally.
 Bon voyage. **PACIFIC TELEPHONE**
